Association of Paediatric Surgeons of Pakistan (APSP)

Presidential Election for 2027–2029

Manifesto of Prof. Dr. Nabila Talat

Registrar, University of Child Health Sciences, Lahore
Dean, Faculty of Paediatric Surgery, Dentistry & Allied Specialties
Chairperson, Department of Paediatric Surgery,
Chairperson Hospital Child Protection Unit
Chairperson University Harassment Committee
President University Sports Club
The Children's Hospital & University of Child Health Sciences, Lahore

Vision Statement

To lead the Association of Paediatric Surgeons of Pakistan towards academic excellence, ethical practice, and international collaboration — fostering innovation, mentorship, and inclusivity in paediatric surgical care and education across Pakistan.

Aims

1. To strengthen APSP as a unified, progressive, and representative professional body of paediatric surgeons at both national and international levels.
 2. To promote academic excellence, research culture, and advanced training in paediatric surgery.
 3. To improve accessibility and quality of paediatric surgical care throughout Pakistan.
 4. To uphold ethical standards, professionalism, and transparency within the organization.
 5. To enhance partnerships and collaborations with regional and global paediatric surgical associations.
-

Objectives

1. Academic Development

- Establish structured training and continuing education programs for paediatric surgeons and trainees.
- Organize national and international workshops, symposia, and hands-on courses for skill enhancement.
- Encourage and support members in research, publications, and academic productivity through APSP's official platforms.

2. Clinical Excellence

- Develop local guidelines/Standardized paediatric surgical protocols and promote evidence-based clinical practice with the help of all faculty.

- Strengthen multidisciplinary collaboration for complex and rare paediatric surgical disorders.
- Expand expertise in minimally invasive, neonatal, and advanced reconstructive paediatric surgery by collaborative model with expert centers nationwide and internationally.

3. Research & International Collaboration

- Develop and maintain a **National Paediatric Surgical Database** to guide clinical and academic advancements.
- Foster partnerships with international organizations such as **FAPSS, BAPS, BAPES, APSA, GICS, AAPS, ISHID and WOFAPS**.
- Facilitate APSP representation in global academic and surgical forums.

4. Leadership & Governance

- Promote transparent, democratic, and accountable leadership practices within APSP.
- Create mentorship programs connecting senior paediatric surgeons with younger colleagues.
- Empower women surgeons and encourage diversity in leadership roles.

5. Community & Public Awareness

- Launch nationwide awareness campaigns for early diagnosis and timely management of congenital anomalies.
- Strengthen public engagement and advocacy for improved paediatric surgical infrastructure.
- Collaborate with media and government institutions to highlight child health and surgical needs.

Commitment

I pledge to continue working for the advancement of the Association of Paediatric Surgeons of Pakistan through teamwork, inclusivity, and dedication — ensuring that APSP remains a beacon of excellence in paediatric surgery, education, and service to children across the nation.
